

Cast Biography Form

A biography of each cast member appears in our show program. Here's a chance to let the audience know all about you. Write a short biography, *in the first person*, that includes your name, age, school you attend and your hobbies. Don't forget to include your theatre experience, plays you have been in and other interesting information about yourself. Please do not begin with "my name is..." because your name will appear next to your photo and bio.

Please keep your bio under **100** words. Contents may be edited for space. If you are not sure how to write a biography, make a listing of the above information and we will help you.

You may write your biography on this form or email it to ruizz@dslextreme.com.
